Nitix Named 2005 Finalist for Network Computing Well-Connected Award

April 8, 2005

Nitix version 4.0 has been named a finalist by CMP Media LLC's Network Computing for a 2005 Well-Connected Award in the Multi-Function Appliances category, in the core area of Security.

"For the 11th year in a row, Network Computing will be recognizing the most outstanding tech products and services in the networking and IT world in our Well-Connected award 4/28 issue," says Mike Lee, editor of Network Computing magazine. "The awards are a snapshot in time, the best of what we evaluated over 12 months in our Real-World Labs® - more than 134 finalists in more than 44 categories have been named. The winners will be announced in our 4/28 issue."

CMP XChange XCellence Award for Best Business Technology Solution

March 2005

Net Integration Technologies was nominated for four CMP XChange XCellence awards including the Innovative Technology Award. NITI beat out IBM, Citrix and Microsoft to win Best Business Technology Solution.
